# **Panasonic**

We face a time in which "quality air" differentiates business. It's a time for Panasonic to fully display its strengths. Our ability to assemble and build superior systems isn't just due to the rich resources we have as a comprehensive electronics manufacturer, but also to Panasonic's 100 years of tradition, where each person thinks and acts on their own initiative while working in a team to reach further heights. We do not compromise. Each of our independent selves is a one stop solution. We face our customers' challenges together with our customers and do all that we can to build effective systems. As a true partner for our customers, we strive to always be at the forefront of business.

- Please read the Installation Instructions carefully before installing the unit, and the Operating Instructions before using it.

# PREMIUM INVERTER DUCTED AIR CONDITIONING 2022 / 2023

A Better Life, A Better World

QUALITY AIR FOR LIFE

**Remote Controller** 

CONEX Zone controller (CZ-RTC6Z)

nanoe™ X is a feature of all NX series units.

The CONEX Zone controller (CZ-RTC6Z) and CONEX (CZ-RTC6BLW) lets you switch nanoe™ X OFF and ON wherever you are, giving you 24 hr access to clean air in your room.

# **Product Line-Up**

# **Live Better with** 24-hour nanoe™X Air Purification\*

While the general filters in air purifiers are effective against airborne bacteria and viruses, nanoe™ X also works to inhibit longer-living, adhered bacteria and viruses. As well as this, the CONEX remote control (CZ-RTC6BLW or CZ-RTC6Z) gives you access to your air conditioner anywhere, anytime, so you can turn nanoe™ X on even while you're out and enjoy 24-hour quality air in your home.

24-hour **C**•nanoe X **Air Purification**

#### Individual comfort

#### Airflow volume control

The damper opening can be controlled with the Comfort Cloud App. Adjust the air volume conveniently according to your lifestyle.

E.g.) Open the living room damper when the family gathers. For daily naps, reduce airflow volume so that it doesn't get too cold.

#### **Auto optimised comfort for your lifestyle**

#### •Weekly timer

Able to set 6 timers/day. Realize optimal control day & night for your lifestyle with timers.

E.g.) Usually, pre-cool a child's room 30 minutes before going to bed. After your child is asleep, the air conditioner turns off.

If you want your child to rest longer, you can turn on cooling again in the morning.

### **Enable comfort for whole family**

#### •Target temperature control

The temp targeted zone can be switched easily according to how you and your family spend time, making the whole family comfortable.

E.g.) When gathering in the living room, switch to AC control based on the living room temperature to reach a comfortable temperature. You can also clean the air with the nanoe $^{\text{TM}}$  mode.

# Why Choose Panasonic?

# **Constant Comfort Air Conditioning**

Another advantage of Panasonic Premium Inverter technology includes its ability to ensure precise temperature control and offer a wider power output range to perform in even the most extreme conditions in Australia, ensuring constant comfort.

# All Side Discharge R32 Outdoor Units

Panasonic's new range of outdoor units feature intuitive technology and thoughtful engineering. The two innovative ranges of R32 units, both Deluxe and Compact, feature energy and space saving technologies, allowing installation in even the tightest and demanding conditions.

# **Class Leading Features**

# **Energy Saving Technologies**

Panasonic's Premium Inverter technology creates a powerhouse energy-saving ducted air conditioning system with the ability to lower both cooling capacity and power consumption when required. Panasonic's clever technologies benefit both the environment and your power bill, so your green intention won't prevent you from living a comfortable life.

# Designed for The Australian Environment

Our Premium Inverter ducted systems boast an outstanding operating temperature range. Cooling operation is possible even when it is a scorching up to 48°C outside, which is perfect for Australia's hot summer days and the heating operation is designed to operate even when it's a freezing -20°C outside, so even the coldest parts of Australia are covered.

Note: In case of R32 Deluxe Models up to 14.0kW. Please refer to Technical Data Capacity Table for full details.

### Superior Technology Makes Superior Systems

- Demand Response Enabling Device (DRED) ready
- Panasonic Premium Inverter technology
- DC indoor fan motor\*
- Incredibly quiet operation
- Compact indoor and outdoor design
- Easy interfacing for remote On/Off, control outputs, and third party control.

\* Excludes 14.0kW and 16.0kW.

### **Quiet Operation**

Panasonic Premium Inverter ducted systems are amongst the quietest in the world, so you can enjoy the comfort of running your air conditioner at night and still have a relaxing sleep. The outdoor unit is also very quiet which means you don't have to worry about keeping your neighbours up either.

#### Cold Drafts Reduced During Winter

Cold drafts during start-up are a common unwanted side effect of ducted air conditioning systems. During heating mode Panasonic Premium Inverter ducted air conditioners employ clever sensor technology that allows airflow to enter the room when it has been warmed. This great feature reduces cold drafts, keeping you comfortable at all times.

#### You Can Count on Panasonic

Panasonic air conditioners are manufactured to the highest quality standards to ensure years of reliable comfort. We even back our reliability by offering a full 5 year parts and labour warranty.

- In the case of nanoe X OFF In case it is necessary to indicate the air flow volume in [l/s], the value in (m³/min.) shall be multiplied by 16.7 and rounded down the decimal point.
   AEER and ACOP classification is at 230V(400V) only in accordance with GEMS2019. TCSPF, HSPF and Total Energy consumption indicate the value of average temperature zone.
- Indoor and outdoor sound levels are determined in an anechoic chamber and may differ once the unit is installed due to ambient conditions

  \*4 Outdoor power supply. \*5 Not adjustable, refer to "Indoor Fan Performance" section of technical data.

  \*6 Tubing size may differ depending on pipe length. Please refer to technical documents. \*7 Additional gas amount is 45g/m when the piping length is under 50m and 60g/m when the piping length is over 50m.

# **Specifications**

# **R32 Compact Model**

#### **Indoor Unit**

Hidden in your ceiling

6.0kW S-60PF3R

7.1kW - 10.0kW S-71PF3R / S-100PF3R

12.5kW - 14.0kW S-125PE3R / S-140PE3R

#### **Outdoor Unit**

Sits outside your home

6.0kW - 7.1kW U-60PZ3R5 / U-71PZ3R5

10.0kW - 14.0kW

U-100PZ3R5 / U-100PZ3R8\*1/ U-125PZ3R5 U-125P73R8\*1/ U-140P73R5 / U-140P73R8\*

\*1 3-Phase

### **Optional Controller**

Variety of options, easy to use

CZ-RTC6BL / CZ-RTC6BLW CONEX High-Spec.

This wired remote controller offer IoT integration that connects directly to a variety of apps.

- \*2 only for CZ-RTC6BLW
- \*3 only for CZ-RTC6BL and CZ-RTC6BLW

CZ-RTC6Z **CONEX Zone Controller** This remote controller can manage

up to 8 zones of air conditioning

CZ-RTC5B **Deluxe Wired Remote** Controller

This optional backlit LED large controller can be installed in your bed room so you can change the temperature during the night without turning on the light

26. 1030-

CZ-RTC4

Wired Remote Controller

The wall control with its large

LCD display gives you full

operational access and can be

easily customised to suit your

unique requirements.

#### CZ-RWS3 + CZ-RWRC3 Wireless Remote Controller

This wireless remote controller gives you the convenience to operate the unit from anywhere in the room.

**PAC Smart** Connectivity SFR8150

Fully customisable and **Building Management** System ready wall controller.

CZ-CAPWFC1 **Network Adaptor** 

Anywhere, anytime control and monitoring multiple air conditioning units.

Note: CZ-RTC6BL, CZ-RTC5B, CZ-RTC5B, CZ-RTC5C or selected wireless remote controller is needed to turn on or turn off nanoe™ X, please consult Panasonic for details. Product images not to scale
